

Z-resolution Phantom

Measure the inter-plane resolution or Z-resolution of Digital Breast Tomosynthesis systems.

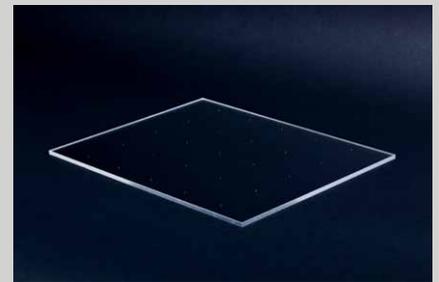

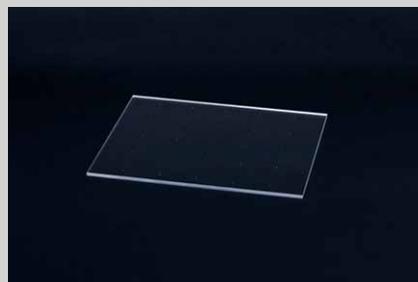

Highlights

- PMMA plate of 320 x 260 x 5 mm with 25 embedded aluminium spheres of 1 mm precisely in the middle of the plate's depth.

Compatibility

- PMMA plate of 320 x 260 x 5 mm with 25 embedded aluminium spheres of 1 mm precisely in the middle of the plate's depth.

Measure the inter-plane resolution or z-resolution of Digital Breast Tomosynthesis systems.
